UI Mockup Template for E-learning Module

Use this template to sketch or describe the user interface of key screens in your course. Mockups help communicate layout, interactions, and visual hierarchy before development begins.

Screen 1: Title and Navigation

- Screen Purpose: Welcome screen / course overview
- Main Elements: Title, navigation bar, progress bar
- Visual Description or Sketch: (Insert image or describe layout)
- Notes: e.g., use brand colours, clean minimal UI

Screen 2: Learning Interaction

- Screen Purpose: Introduce first learning objective
- Main Elements: Text block, video embed, "Continue" button
- Visual Description or Sketch: (Insert image or describe layout)
- Notes: e.g., autoplay video, show captions

Screen 3: Quiz or Assessment

- Screen Purpose: Assess understanding of content
- Main Elements: Question text, multiple-choice options, submit button

• Visual Description or Sketch: (Insert image or describe layout)
• Notes: Use hover effects, disable button until all options selected
